SAFETY DATA SHEET

SECTION 1 – PRODUCT AND COMPANY IDENTIFICATION

Manufacturer’s name and address: ARDEX Engineered Cements
400 Ardex Park Dr.
Aliquippa, PA  15001   USA

Supplier’s name and address: Refer to Manufacturer

Information Telephone No. : (888) 512-7339 or (724) 203-5000
Website Address: http://www.ardexamericas.com
24 Hr Emergency Telephone #: CHEM-TEL: 1-800-255-3924 OR 1-813-248-0585 (call collect)
Product Identifier: ARDEX PC-FINISH™
Product ID No.: 12899001
Trade Name/Synonyms: PC-FINISH
Material Use: Stain & Wear Protection - High Gloss
Uses Advised Against: No information available

SECTION 2 – HAZARDS IDENTIFICATION

GHS Classification per 29 CFR 1910.1200 (OSHA HCS 2012) and HPR (WHMIS 2015)
- Skin corrosion/irritation; Category 2
- Serious eye damage/eye irritation; Category 2A
- Specific target organ Toxicity, Single Exposure, Category 3, Respiratory tract irritation

GHS Pictograms

Signal Word

Warning.

Hazard Statements

Causes skin irritation.
Causes serious eye irritation.
May cause respiratory irritation.

Precautionary Statements

Avoid breathing mist/vapours/spray. Use only outdoors or in a well-ventilated area. Wash hands and exposed skin thoroughly after handling. Wear protective gloves/protective clothing/eye protection. Take off contaminated clothing and wash before reuse. Store in a well-ventilated place. Keep container tightly closed. Store locked up. Dispose of contents / container in accordance with federal, state, and local laws. Do not allow product to enter drains.

Hazards Not Otherwise Classified

None.

% with Unknown Acute Toxicity

10% of this product consists of ingredients with unknown acute toxicity.

Additional Notes

Product is alkaline.

SECTION 3 – COMPOSITION/INFORMATION ON INGREDIENTS
<table>
<thead>
<tr>
<th>Ingredients</th>
<th>CAS #</th>
<th>% (by weight)</th>
</tr>
</thead>
<tbody>
<tr>
<td>Lithium silicate</td>
<td>10102-24-6</td>
<td>10 - 20</td>
</tr>
</tbody>
</table>

The exact percentages of the ingredients have been withheld by the manufacturer as trade secrets.

SECTION 4 – FIRST AID MEASURES

General
- Call a Poison Center or doctor if you feel unwell.

Inhalation
- If inhaled, remove victim to fresh air and keep at rest in a position comfortable for breathing. If breathing difficulty persists, seek medical attention/advice.

Skin contact
- Remove/Take off immediately all contaminated clothing. Wash with plenty of soap and water. If irritations or rashes develop, seek medical attention/advice.

Eye contact
- Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Get medical advice/attention.

Ingestion
- Rinse mouth. Do NOT induce vomiting. Call a POISON CENTER or doctor/physician if you feel unwell.

Notes for Physician
- Treat symptomatically.

Signs and symptoms of short-term (acute) exposure

- **Inhalation**: Symptoms may include coughing and difficulty breathing.
- **Skin**: Symptoms may include redness or itching.
- **Eyes**: Symptoms may include redness, itching, or pain.
- **Ingestion**: Symptoms such as gastric pain, nausea, vomiting, and diarrhea may occur.

Effects of long-term (chronic) exposure
- None known.

Indication of need for immediate medical attention or special treatment
- Difficulty breathing persists after removing the person to fresh air.
- Any exposure to the eye which causes irritation.

SECTION 5 – FIRE FIGHTING MEASURES

Suitable extinguishing media
- Use extinguishing media that are appropriate to the surrounding fire.

Unsuitable extinguishing media
- None known.

Hazardous combustion products
- Metal oxide fumes.

Special fire-fighting procedures/equipment
- Firefighters should wear proper protective equipment and self-contained breathing apparatus with full face piece operated in positive pressure mode. Move containers from fire area if safe to do so. Water spray may be useful in cooling equipment exposed to heat and flame. After fires have been extinguished, carefully clean all equipment and surfaces exposed to fumes.

Environmental precautions
- Do not allow material to enter drains or contaminate ground water system.

Fire hazards/conditions of flammability
- Not flammable under normal conditions of use. Closed containers may rupture if exposed to excess heat or flame due to a build-up of internal pressure.

- Not flammable.

NFPA Rating
- Health: 2  Flammability: 0  Instability: 0  Special Hazards: None
Personal precautions: Restrict access to area until completion of clean-up. All persons dealing with clean-up should wear the appropriate chemically protective equipment. Product may make walkways slippery.

Protective equipment: Refer to Section 8 on this Safety Data Sheet, EXPOSURE CONTROLS / PERSONAL PROTECTION, for additional information on acceptable personal protective equipment.

Emergency Procedures: If a spill/release in excess of the EPA reportable quantity is made into the environment, immediately notify the national response center in the United States (phone: 1-800-424-8002). Outside of the U.S. call the emergency number listed in Section 1.

US CERCLA Reportable quantity (RQ): None reported.

Methods and materials for containment and cleaning up: Ventilate area of release. Stop spill or leak at source if safely possible. Contain product with inert absorbent material, preventing it from entering sewer lines or waterways. Gather up spilled material and place in suitable container for later disposal (see Section 13). Residual of product, while still wet, can be cleaned up with warm soapy water. Notify the appropriate authorities as required.

Prohibited materials: None known.

Environmental precautions: Do not allow product to enter drains or waterways. Do not allow material to contaminate ground water system.

Reference to other sections: See Section 13 for disposal information.

SECTION 7 – HANDLING AND STORAGE

Safe handling procedures: Wear suitable protective equipment during handling. (See Section 8.) Observe good hygiene standards. Use only with adequate ventilation. Do not eat, drink or smoke in the work area. Wash thoroughly after handling. Avoid contact with eyes, skin, or clothing. Avoid repeated or prolonged skin contact. Wear protective clothing to prevent skin contact. Promptly remove any clothing that becomes contaminated. Clean contaminated clothing before reuse. Keep container tightly closed.

Storage requirements: Store in a cool, dry, well-ventilated area. Store away from heat and open flame. Avoid storing in direct sunlight. Store in original container. Keep tightly closed when not in use. Do not reuse empty container without commercial cleaning or reconditioning.

Incompatible materials: See Section 10.

Special packaging materials: Always keep in containers made of the same materials as the supply container.

SECTION 8 – EXPOSURE CONTROLS AND PERSONAL PROTECTION

Permissible Exposure Limits: No exposure limits have been established for the product itself. Below are exposure limits for the components in the product.

<table>
<thead>
<tr>
<th>Ingredients</th>
<th>CAS #</th>
<th>ACGIH TLV</th>
<th>OSHA PEL</th>
</tr>
</thead>
<tbody>

<td>N/Av</td>
<td>N/Av</td>
</tr>
</tbody>
</table>

Engineering Controls: Use general or local exhaust ventilation to maintain air concentrations below recommended exposure limits. Ventilation should effectively remove and prevent buildup of any vapor generated from the handling of this product.

Personal Protection Equipment: Chemical protective gear, as appropriate for the job.

Eye / face protection: Wear goggles or safety glasses, as appropriate for the job.

Skin protection: Wear gloves which are impervious to the material. Materials such as nitrile rubber or Viton (fluorocarbon rubber) are recommended. Consult with glove manufacturers regarding breakthrough time for this material.

Body protection: Where extensive exposure to product is possible, use resistant coveralls, apron and boots to prevent contact.
Respiratory protection: Under normal conditions of use with adequate ventilation, respiratory protection should not be necessary. If work process generates excessive quantities of vapor or dust, or exposures in excess of any PEL, wear an appropriate organic vapor respirator.

Site safety equipment: An eyewash station and safety shower should be made available in the immediate working area.

General hygiene considerations: Avoid contact with eyes, skin and clothing. Avoid breathing vapors/dust. Do not eat, drink or smoke when using this product. Upon completion of work, wash hands thoroughly. Remove soiled clothing and wash it thoroughly before reuse. Clean all equipment and clothing at end of each work shift.

Explosion data: Sensitivity to mechanical impact / static discharge: Not expected to be sensitive to mechanical impact or static discharge.

SECTION 10 – REACTIVITY AND STABILITY INFORMATION

Reactivity: Not reactive.
Stability: Stable under the recommended storage and handling conditions prescribed.
Hazardous reactions: Hazardous polymerization does not occur.
Conditions to avoid: Extreme heat.
Materials to avoid and incompatibility: Strong oxidizing agents.
Hazardous decomposition products: None known; refer to hazardous combustion products in Section 5.

SECTION 11 – TOXICOLOGICAL INFORMATION

Routes of exposure: Inhalation: YES  Skin Absorption: NO  Skin and Eyes: Yes  Ingestion: YES
Symptoms of exposure: See Section 4.
Calculated Acute Toxicity Estimates for the Product

| Inhalation            | N/Av         |
| Oral                 | > 50,000 mg/kg |
| Dermal               | > 100,000 mg/kg |

Toxicological data: See below for individual ingredient acute toxicity data.

<table>

</table>
Skin corrosion or irritation: May cause irritation to skin.
Serious eye damage / eye irritation: May cause serious irritation to eyes.
Respiratory or skin sensitization: None known.
Germ cell mutagenicity: None known.
Carcinogenic status: No components are listed as carcinogens by ACGIH, IARC, OSHA or NTP.
Reproductive toxicity: None known.
Specific Target Organ Toxicity, Single Exposure: May cause respiratory irritation.
Specific Target Organ Toxicity, Repeated Exposure: None known.
Aspiration hazard: None known.
Additional information: N/Av

SECTION 12 – ECOLOGICAL INFORMATION

Environmental effects: The product should not be allowed to enter drains or water courses, or be deposited where it can affect ground or surface waters.
Ecotoxicity: No data available.
Biodegradability: No data available.
Bioaccumulative potential: No data available.
Mobility in soil: No data available.
PBT and vPvB assessment: No data available.
Other adverse effects: No data available.

SECTION 13 – DISPOSAL CONSIDERATION

Handling for disposal: Handle waste according to recommendations in Section 7.
Methods of disposal: You must test your waste using methods described in 40 CFR Part 261 to determine if it meets applicable definitions of hazardous wastes. Dispose in accordance with all applicable federal, state, provincial and local regulations. Contact your local, state, provincial or federal environmental agency for specific rules.
Packaging: Handle contaminated packaging in the same manner as the product.
RCRA: If this product, as supplied, becomes a waste in the United States, it may meet the criteria of a hazardous waste as defined under RCRA, Title 40 CFR 261. It is the responsibility of the waste generator to determine the proper waste identification and disposal method. For disposal of unused or waste material, check with local, state and federal environmental agencies.

SECTION 15 – REGULATORY INFORMATION

Canadian Information:
This product has been classified according to the hazard criteria of the Hazardous Products Regulations (HPR). This SDS contains all of the information required by the HPR.
Canadian Environmental Protection Act (CEPA) information: All ingredients listed appear on either the Domestic Substances List (DSL) or the Non-Domestic Substances List (NDSL).

US Federal Information:
TSCA: All listed ingredients appear on the Toxic Substances Control Act (TSCA) inventory.
CERCLA Reportable Quantity (RQ) (40 CFR 117.302): None reported.
SARA TITLE III: Sec. 302, Extremely Hazardous Substances, 40 CFR 355: No Extremely Hazardous Substances are present in this material.
SARA TITLE III: Sec. 311 and 312, SDS Requirements, 40 CFR 370 Hazard Classes:
Immediate (Acute) Health Hazard
Under SARA Sections 311 and 312, the EPA has established threshold quantities for the reporting of hazardous chemicals. The current thresholds are 500 pounds or the threshold planning quantity (TPQ), whichever is lower, for extremely hazardous substances and 10,000 pounds for all other hazardous chemicals.
SARA TITLE III: Sec. 313, Toxic Chemicals Notification, 40 CFR 372: This product is not subject to SARA notification requirements, since it does not contain any Toxic Chemical constituents above de minimus concentrations.

U.S. State Right To Know Laws
California Proposition 65: This product does not contain any chemical knowns to the State of California to cause cancer and/or reproductive toxicity.
Other State Right to Know Laws: No ingredients in this product appear on other states’ Right to Know Laws.

SECTION 16 – OTHER INFORMATION

HMIS Rating
Health: *2 Flammability: 0 Physical Hazard: 0 PPE: Gloves, safety glasses
Legend:
- Chronic Hazard 0 - Minimal 1 - Slight 2 - Moderate 3 - Serious 4 - Severe
